Nordic River to Introduce Breakthrough Redlining/Document Comparison Tool At LegalTech 2011 Conference in New York City

WHO: Nordic River (www.nordicriver.com)

WHAT: Swedish software developer, Nordic River, will be launching a new web-based redlining and document comparison tool that provides legal professionals with improved control and a more effective means of managing the document review process.

TextFlowTM Redliner is the only redlining and comparison tool that can present a document's complete, step-by-step editing history. It requires no installation and is fully compatible with Windows and Macintosh computers and easily integrates with Sharepoint, Worksite and other cloud-based document management systems.

CEO Tomer Shalit will provide live demonstrations of the new redlining software designed specifically to meet the needs of attorneys, paralegals, administrators and other legal professionals.

WHEN: January 31-February 2, 2011

WHERE: Booth #707
The Hilton New York Hotel
1335 Avenue of the Americas
New York, NY
