

GAIN Capital Ranked Among Fastest Growing Companies in North America on Deloitte's 2010 Technology Fast 500

NEW YORK and LONDON, Oct. 20 [/PRNewswire/](#) -- GAIN Capital Holdings, Inc., a global provider of online trading services specializing in foreign exchange (forex or FX) and contracts for difference (CFDs), today announced that it ranked number 305 on the Technology Fast 500™, Deloitte's ranking of 500 of the fastest growing technology, media, telecommunications, life sciences and clean technology companies in North America. Rankings are based on percentage of fiscal year revenue growth during the period from 2005–2009. GAIN Capital grew 305 percent during this period.

GAIN Capital CEO Glenn Stevens credits the company's global expansion, addition of new asset classes and corporate acquisitions for helping to achieve the company's 305 percent revenue growth. This is the sixth consecutive year that GAIN Capital has been included as a Technology Fast 500 award winner.

Overall, Technology Fast 500 award winners for 2010 had revenue growth ranging from 146 percent to 164,079 percent from 2005 to 2009, with an average growth of 2,361 percent.

Selection and Qualifying Criteria

Technology Fast 500 provides a ranking of the fastest growing technology, media, telecommunications, life sciences and clean technology companies – both public and private – in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2005 to 2009.

In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least \$50,000 USD or CD, and current-year operating revenues of at least \$5 million USD or CD. Additionally, companies must be in business for a minimum of five years, and be headquartered within North America.

This ranking is compiled from nominations submitted directly to the Technology Fast 500 Web site and public company database research.
