

# Legrand Offers Custom Installers Complete Solutions With New Brands And Expanded Lines At CEDIA 2016

DALLAS, Sept. 14, 2016 /[PRNewswire](#)/ -- Legrand, the global specialist in electrical and digital building infrastructures, announced a wide array of new products for the residential custom install market from several of its key brands that will be showcased across three booths at CEDIA 2016. Strongly aligned with the company's corporate focus, "Designed to be Better™," the combined breadth of these brands provides the dealer with unmatched options and solutions for complete entertainment, comfort and security solutions for the home.

Middle Atlantic (racks, equipment mounting and power solutions), Nuvo (whole home audio systems), On-Q (smart home solutions, infrastructure & AV connectivity), and Vantage (lighting and climate control) will all be featured at booth 5132. Luxul (residential IP networking solutions) will exhibit at booth 4728 and QMotion (advanced shading solutions) at booth 5154.

"Over the last year, Legrand has continued to evolve as an industry leader in power, light, data and digital building infrastructures through a series of acquisitions and expansion of key product lines in the residential custom install space," said Brian DiBella, president, Electrical Wiring Systems at Legrand North America. "At CEDIA, we will show how we are even better positioned to offer dealers, integrators and home builders the full breadth of products and complete solutions they need to get any residential or light commercial job done."

Show attendees can become acquainted with Legrand's residential CI market solutions by participating in the passport promotion where they can win one of two \$5,000 product giveaways. To enter, attendees should pick up a passport at any Legrand booth (5132, 5134 and 4728) and have them stamped by Legrand team members at each location. Completed passports with stamps for all six brands/companies can be submitted for the random drawings.
