

Legrand Announces SDDP Certification for Nuvo Player Portfolio to Simplify Set Up within Control4 Environments

HEBRON, Ky., November 3, 2016 – Legrand, the global specialist in electrical and digital building infrastructures, announced that its Nuvo Player Portfolio whole home music system is now interoperable with the Control4 automation platform with a certified driver and Simple Device Discovery Protocol (SDDP). Included in the Control4 online driver database, this new driver and SDDP enables Control4 system components to automatically recognize Nuvo Player Portfolio models in the system, greatly simplifying set-up and reducing configuration time. □

Nuvo Player Portfolio whole home audio systems offer unparalleled listening experiences, with wired and Wi-Fi distributed audio solutions specially designed to provide unmatched fidelity with the latest in streaming source variety and intuitive control. These systems offer an array of product options and accessories to deliver superior multi-room audio to any home.

Now with SDDP, Nuvo system players will immediately show up in Control4's programming software, without guesswork or the need to search for drivers. In addition, the Control4 controller will automatically pair with the SDDP device as soon as it is discovered and added to the Control4 system.

For more information on Nuvo Player Portfolio's SDDP certification for Control4 systems, please use this [link](#).
