

# ZeeVee Develops Two Additional AVIXA-Certified Webinars for 2024

**Courses in 'AV over IP Security' and 'AV Specs, Cables and Connectors' to be Provided Free of Charge to Integrators and End-Users**

**LITTLETON, Mass., January 22, 2024** – ZeeVee has developed two new AVIXA-certified webinars, one covering AV over IP security and the other on AV specs, cables and connectors, for 2024.

This brings to seven the total number of accredited Certified Solution Partner Training sessions the company offers to integrators and end-users at no cost or obligation.

“Educating the industry on AV over IP technology, applications, standards and best practices is a critical part of our commitment to the pro AV industry,” said Bob Michaels, CEO, ZeeVee. “Our Certified Solution Partner Training program is a key company priority and we offer these AVIXA-certified courses free-of-charge to our current partners and customers, as well as to all other industry participants.”

The new webinars, starting in January, will recur throughout the year. They are:

**Security in an AV over IP Environment** (January 25): This webinar will set attendees on the right track to designing and installing secure AV over IP networks. It will offer a comprehensive overview of potential security risks and an understanding of concepts such as social engineering attacks, role-based permissions and access control and two-factor authentication. Attendees will receive 1.0 CTS credit.

**AV Specs, Cables and Connectors** (February 15): This course will offer attendees advanced knowledge of the cables, connectors and various specifications in the pro AV industry that play an important role in system design. Included will be key insights into USB, HDMI and DisplayPort, as well as a focus on Power over Ethernet (POE) and an introduction to various types of fiber optic cables. Attendees will receive 1.0 CTS credit.

The other five current AVIXA-accredited Certified Solution Partner Training courses ZeeVee offers include:

- Advanced Imaging (1.25 CTS credits)
- **AV over IP (3.5 CTS credits)**
- **Digital Video Distribution Systems using RF Modulation (1.0 CTS credit)**
- AVoIP Network Preparation, Readiness and Design (1.0 CTS credit)
- **The Power of AVoIP, Open API and Flexible Control System Integration (1.0 CTS credit)**

**Additional information on all upcoming ZeeVee’s Certified Solution Partner Training webinars can be found at this [link](#).**

## About ZeeVee

ZeeVee ([www.zeevee.com](http://www.zeevee.com)) is a leading provider of AV distribution technology.
