

ZeeVee to Exhibit at Prolight + Sound 2022 in Frankfurt, Germany

AVoIP Product Family and ZyPer Management Platform to be Featured

LITTLETON, Mass. and AUGSBURG, Germany, April 6, 2022 – ZeeVee (www.zeevee.com) will be featuring its AVoIP product family and ZyPer Management Platform at this month's Prolight + Sound 2022 Global Entertainment Technology show, booth W523, running from April 26 to 29, in Frankfurt, Germany.

ZeeVee Europe will be exhibiting and demonstrating its SDVoE-based, uncompressed AVoIP solutions. This includes the newly launched ZyPer4K-XR, which provides real pixel perfect and zero latency performance in ruggedized casing designed specifically for rental and staging applications. The company's ZyPer4K solutions are available for shipment within three to four weeks.

Also on display will be ZeeVee's advanced management platform which enables rapid deployment and configuration including videowalls, multiviews, projector edge-blending and LED wall scaling capabilities. ZeeVee will also be presenting AVoIP Choices on the main stage, introducing the concepts of "gold and green standard" AVoIP.

About ZeeVee

ZeeVee (www.zeevee.com) is a leading provider of AV distribution technology. The company has transformed the digital video industry with its award-winning encoders, decoders and software solutions for the pro AV and IT marketplace. Integrators and consultants rely on ZeeVee for its innovative, cost-effective and easy to install AVoIP and RF distribution platforms for their corporate, higher education, government, healthcare, casino, museum, hospitality and retail customers. A founding member of the SDVoE Alliance, ZeeVee holds a GSA schedule, and its products are TAA-compliant. ZeeVee is headquartered in the greater Boston area with European HQ in Augsburg, Germany and SE Asian offices in Singapore.
