

Neal Communities Selects an Array of Legrand Products for Major New Home Building Project

Pact Will Place Company's Pass & Seymour Products in 1,200 New Homes a Year; On-Q radiant Lighting Available as Upgrade

MIDDLETOWN, PA, December 12, 2017 – Legrand, the global specialist in electrical and digital building infrastructures, announced an agreement with Sarasota, Florida-based Neal Communities to provide its Pass & Seymour (P&S) and On-Q radiant® products for more than 1,200 homes to be built annually in the Sarasota area.

As a result, Legrand's P&S electrical wiring devices, lighting controls, GFCI outlets and accessories will be installed as standard equipment in all homes, while On-Q radiant decorative switches, dimmers and outlets will be offered as upgrade options to new homeowners.

"The suppliers we choose for the homes we build need to exhibit a proven track records in terms of innovative products, service and support," said Cathy Engels, vice president of purchasing, Neal Communities. "Legrand is the ideal partner in the quality and innovation of its products and the exceptional service its salespeople and support staff offer."

"Neal Communities is a leading residential home builder and this agreement is a major success and vote of confidence for our Pass & Seymour and On-Q radiant products," said Fritz Werder, VP/GM for Legrand's On-Q and Nuvo lines. "We are very excited to have secured this partnership with a market-leading builder."

Additional information on Legrand's Pass & Seymour and On-Q radiant products is available [here](#).
